What's the Number?

Look in the Directory
 BEFORE You Call.

Arrange for Telephone Outlets

WHILE YOUR HOME IS BEING PLANNED

Built-in telephone outlets not only help to preserve the beauty of your home, but they also add a lot to your living comfort and convenience. They're easy and inexpensive to include—if installed while your house is under construction.

A simple piece of pipe, or conduit, is merely placed inside the walls. Telephone wires are then run through the conduit to locations you have selected for outlets. And a neat little wall-plate is all you see.

Your telephone company will be glad to discuss built-in telephone conduit with you and make recommendations. Just call the Business Office.

Architects and builders are invited to call upon us for assistance in planning telephone conduit.

ILLINOIS BELL TELEPHONE CO.

Oh---wun---fo-wer---siks

siks---too---oh---sev-ven

fi-yiv---ate---ni-yen---oh

fo-wer---th-r-ee---ate---wun

TRY pronouncing the odd little syllables printed above. You will find they sound (and unmistakably) like well-known numbers you use every day.

Now, these words didn't just happen! They are the results of careful speech tests made to find the simplest and surest sounds for the numerals 0 to 9.

Here they are in order: oh (0)...wun (1)...too (2)...th-r-ee (3)...fo-wer (4)...

fi-yiv (5)...siks (6)...sev-ven (7)...ate (8)...ni-yen (9)

Illinois Bell telephone operators are trained to speak this way because this is the best way to identify numbers with the least chance of error.

Your telephone company aims to give you the finest possible service at the lowest possible cost...even now when it is busier than ever keeping up with the unusual demands.

ILLINOIS BELL TELEPHONE COMPANY
